NCAA Policy:

In August 2014, the NCAA's Board of Governors' Executive Committee passed a resolution that specifies that appropriately addressing sexual violence is integral to responsible intercollegiate athletics programs. Specifically, the resolution states that addressing sexual violence:

- (1) Is consistent with the values and principles articulated in the NCAA Constitution;
- (2) Is mandated by state and federal laws; and
- (3) Must be part of a collaborative effort with campus policies.

In 2016, the Board of Governors appointed a Commission to Combat Campus Sexual Violence. The Commission drafted the following aspirational culture statement for colleges and universities as:

A positive and thriving athletics team culture that revolves around respect and empathy for all, fostering a climate in which all feel that they are respected, valued and contributing members of their teams, athletics programs and institutions; and creating an environment in which students (athletes and non athletes alike) feel safe and secure, both emotionally and physically, and are free of fears of retaliation or reprisal. The positive culture exuded by a member institution's NCAA teams is the catalyst for a positive culture across an entire campus.

The Commission recommended the Board of Governors adopt an Association-wide policy to reinforce previous efforts of the Association in addressing campus sexual violence. The Board of Governors' adopted this policy.

The NCAA also produced a Toolkit in 2016, updated in 2019, that has not been updated since the publication of the 2020 Regs.

NCAA Policy: Overarching Principles

1. Intercollegiate athletics departments should be informed on and integrated in overall campus policies and processes addressing sexual and interpersonal violence prevention and acts of sexual violence, particularly those related to adjudication and resolution of matters related to sexual and interpersonal violence.
2. Intercollegiate athletics departments should review annually the most current Checklist Recommendations of the NCAA Sexual Violence Prevention Toolkit, using it as a guide with resources to conduct ongoing, comprehensive education for student- athletes, coaches and athletics administrators.
3. Intercollegiate athletics programs should utilize their platform to serve as leaders on campus through engagement in and collaboration on efforts to support campus-wide sexual and interpersonal violence prevention initiatives. This includes involving student- athletes in prevention efforts in meaningful ways across the campus, including encouraging use of leadership roles on campus to support such efforts.

Required Annual Attestation: University Chancellor/President, AD and campus Title IX Coordinator

1. The athletics department is informed on, integrated in, and compliant with institutional policies and processes regarding sexual violence prevention and proper adjudication and resolution of acts of sexual and interpersonal violence.
2. The institutional policies and processes regarding sexual violence prevention and adjudication, and the name and contact information for the campus Title IX coordinator*, are readily available within the department of athletics, and are provided to student-athletes.
3. All student-athletes, coaches and staff have been educated each year on sexual violence prevention, intervention and response, to the extent allowable by state law and collective bargaining agreements.
4. All incoming, continuing and transfer student-athletes have completed an annual disclosure related to their conduct that resulted in discipline through a Title IX proceeding or in a criminal conviction for sexual, interpersonal or other acts of violence.** Transfer student-athletes also must disclose whether a Title IX proceeding was incomplete at the time of transfer. Failure to make a full and accurate disclosure could result in penalties, including loss of eligibility to participate in athletics as determined by the member institution.
5. Institutions have taken reasonable steps to confirm whether incoming, continuing and transfer student-athletes have been disciplined through a Title IX proceeding or criminally convicted of sexual, interpersonal or other acts of violence.** In a manner consistent with federal and state law, all NCAA member institutions must share relevant discipline information and incomplete Title IX proceedings as a result of transfer with other member institutions when a student-athlete attempts to enroll in a new college or university.
6. An institution choosing to recruit an incoming student-athlete or accept a transfer student-athlete must have a written procedure that directs its staff to gather information that reasonably yields information from the former institution(s) to put the recruiting institutional leadership on notice that the student left the institution with an incomplete Title IX proceeding, was disciplined through a Title IX proceeding or has a criminal conviction for sexual, interpersonal or other acts of violence.** Failure to have it written and to gather information consistent with that procedure could result in penalties.

[Note: Item Nos. 4 to 6 above require attestation beginning with the 2022-2023 academic year attestation.]

NCAA Policy continued:

- Athletics department will cooperate with college or university investigations into reports and matters related to sexual and interpersonal violence involving student-athletes and athletics department staff in a manner compliant with institutional policies for all students.
- Schools that do not submit the required attestations will be prohibited from hosting any NCAA championship competitions for the next applicable academic year.
- International member schools and schools that do not receive federal funding, or are otherwise exempt from Title IX must submit an annual attestation from the President, AD and Title IX coordinator or institutional staff member with comparable responsibilities
- **A person who has been disciplined through a Title IX proceeding or criminally convicted, regardless of the degree, and whether the result of a plea or court determination, of either of the following:
- Interpersonal Violence is defined to include violence that is predominantly caused due to the relationship between the victim and the perpetrator, including dating and domestic violence.
- Sexual Violence is defined to include both forcible and non forcible sex offenses, ranging from sexual battery to rape.
